YUKI OTOKO Junmai (Niigata, Japan)

Produced by Aoki Shuzo (est. 1717) in Niigata.

Selected as one of "The Wonder 500" by Japanese Government in August 2015. www.thewonder500.com

Clean, bone dry, and well-refined. Serve chilled or warm. Yuki Otoko, bigfoot/yeti of Japan, is illustrated as a large hairy humanlike creature by Suzuki Bokushi in his masterpiece, Hokuetsu Seppu, the early 19th-century topographic essay on the life of the snowy southern Niigata region, where the brewery is located. It is written that Y.O. has helped travelers carry their loads and guided them through mountain trails. The brewery donates part of their proceeds to support local rescue activities.
